

SEPTEMBER 2023

Rotary District 7305

INTERACT DISTRICT CONFERENCE

Thursday, October 12, 2023

Greensburg Country Club

Your Interact District Governor, Angel Qu, is inviting all of you to attend the Rotary District 7305 Interact District Conference on Thursday, October 12 at the Greensburg Country Club. A registration form has been posted on the District website under the "Interact" tabs. The deadline to register is Saturday, September 30.

There will be some new and exciting Breakout Sessions this year. You will be able to pick which Breakout Sessions interest you the most and attend those.

Past Rotary District Governor, Marie Fallon, has agreed to work with our Peacebuilder Interact Clubs and there will be a special session for those clubs and those who are interested in becoming Peacebuilder Clubs.

We can't forget about "Got Sneakers?"..be sure to collect sneakers from your school, church, family and friends and bring them to the District Conference where they will be weighed and packaged to send to "Got Sneakers?". Money raised from this activity goes directly to Interact Club activities in Rotary District 7305.

Also this year's District Conference Booklet will be expanded to included ads which will help to defray the cost of the Conference. An advertising form is available on the District's website: www.rotarydistrict7305.org under the Interact tabs.

WORLD POLIO DAY October 24, 2023

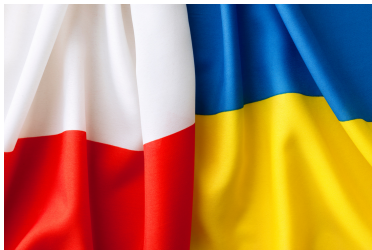

What does your Interact Club have planned for World Polio Day? You still have time to formulate a plan! Be sure to share your event with us by submitting a write-up and pictures for an upcoming District Interact newsletter.

As you read this newsletter, please note that we are in discussions with a group of high school students in Ukraine about a possible joint international project with them.

They are truly excited about the prospect of working with the District 7305 Interact Clubs. All details will be available at the Interact District Conference in October. We have met with them via Zoom and have ironed out a lot of the details but there are still a couple to go. One of the Ukrainian students is fluent in English and has been our "translator". What a great way to help other young people who are trying to make a difference in the world.
